

THELIN COMPANY, INC.
MANUFACTURER OF PELLET, GAS, & WOOD STOVES

Parlour 3000 Pellet Heater

The Parlour 3000 is a BIG heater. Standing 42", it will heat up to 2000 square feet* and with a 43 pound hopper will burn all night on a single load of pellets.

** Heating capacity depends upon environment and insulation.

** 12 volt battery back-up circuitry built into heater

** Circuitry built into stove; battery is optional.

SPECIFICATIONS	PERFORMANCE	CLEARANCES
Height: 42"	FEED RATE:	Back wall: 5"
Weight: 185 lbs	5 lbs/hr high=40,000 BTU	Side Wall: 5"
Diameter: 20"	1.5 lbs/hr low (approx.)	Front Hearth: 6"
Door opening: 14" x 19.5"	Efficiency: 78.5%	Alcove approved
Exhaust vent: 3"	Power consumption: 27 watts	
Exhaust O.C. from floor: 12.25"		
Footprint: 20" square
